

Querprofil 1 : 100

The diagram shows a cross-section of a road with a horizontal ground line. Below the ground line, there are two utility lines: a red line for 'Elektraleitung PE 120/16kv' and a blue line for 'Telefonleitung Z8, unbekannt'. A red vertical line indicates the 'genaue Tiefe Sondieren' (exact depth of sounding). A blue vertical line indicates the 'mind. 30' (minimum 30) depth. A blue dashed line represents the 'GN DN 400' (drainage ditch). The distance from the ground line to the top of the ditch is 1.66. The horizontal distance from the red line to the blue line is 1.66. The horizontal distance from the blue line to the ditch is 1.66. The horizontal distance from the red line to the ditch is 3.32. The horizontal distance from the red line to the ditch is 3.32. The horizontal distance from the red line to the ditch is 3.32.
